Home office

The Aeris desk has an elegant and classic look with a modern touch of Danish simplicity. The floating top gives the table a light impression and enhances the design and beauty of the rounded, tapered solid legs and the attention to detail that they represent in themselves. Easy access to hide cables away.

The Stick work desk and its trendy, contemporary design has got all the features required for a functional work desk where everything can be packed away when the job is done. With smart cable hideaway.

Highboard Multi is a beautiful and practical highboard that opens easily and functions as a desk. The cabinet is prepared for wiring and comes with dark warm grey Fenix on the worktop.

Enjoy.
